ARCHITECTS

interpretation

texture

elements

- Post-war neighbourhood character.
- Focus on incorporating the local skillion and gable roof forms to conceal part of the first floor additions.
- A variety of materials have been chosen to reflect the local context and breakdown the overall building into smaller elements.

Client: Evelyn Constructions  
Date of Completion: 2005  
Cost of works: \$300K  
Project team: Kate Holmes  
Builder: Evelyn Constructions
